REQUEST FOR A MEDICAL EXCEPTION TO
THE COVID-19 VACCINE REQUIREMENT – STUDENT/CONTRACTORS

CMS policy requires all hospital contractors, contracted staff providing care or service to hospital patients (i.e., traveler nurses, organ procurement staff, Steris staff, contracted perfusionists, vendor reps in the ORs, etc.), medical staff with hospital privileges, students and volunteers to be vaccinated against COVID-19, with exceptions only as required by law. Impacted persons may seek a legal exception to the vaccination requirement due to a disability, using the form below. The Hospital may also ask for other information, as needed. Requests for “medical accommodation” or “medical exceptions” will be treated as requests for a disability accommodation and evaluated and decided under applicable legal standards for reasonable accommodation absent undue hardship to the Hospital. A student/contractor may also request a delay for complying with the vaccination requirement based on certain medical considerations. The Hospital will keep confidential any medical information provided, subject to the applicable legal standards. Student/contractors who receive an exception or a delay from the vaccination requirement would instead comply with alternative health and safety protocols such as wearing an N95 mask.

Signing this form constitutes a declaration that the information you provide is true and correct to the best of your knowledge and ability. Any intentional misrepresentation may result in disciplinary action, including termination or removal from schedule.

To request a medical exception or delay from the COVID-19 vaccination requirement using this form:

1. You must complete Part 1 of this form.
2. Your medical provider must complete Part 2 of this form.
3. When both are completed, you must submit the form to your Hospital’s designated point of contact.
