

# Welcome to UF Emergency Medicine Shadowing

We are excited that you are considering a future career in Emergency Medicine! This presentation will prepare you for your upcoming shadowing experience and hopefully answer any questions you may have.

# How do I sign-up for shadowing?

## Step 1: Submit your documents

- [Shadowing Request Form » Department of Emergency Medicine » College of Medicine » University of Florida \(ufl.edu\)](#) This link will lead you to our shadowing request form where you can submit the required documents. Our clerkship coordinator, Hayden Evans, will reach out to you with further instruction once this is submitted.

## Step 2: Complete the DocuSign

- Hayden will assist you in identifying a faculty member to shadow. Then a DocuSign will be sent to you and the available faculty member to finish out the paperwork process.

## Step 3: Wait for your approval notice

- After the DocuSign signatures are received all of your information is submitted to UF Observe for final processing. This can take up to 10-14 business days. You will receive an email from UF Observe when you are approved!

# How Long Can I Shadow For?

You can shadow a physician for up to 8 hours a day over the course of a 30 day period. If you'd like to shadow again students are more than welcome to submit an updated Request to Observe Form.
