

Shadowing Expectations

Dress code: Business casual attire is appropriate for shadowing. Please refrain from wearing: crop tops, jeans, t-shirts, tank tops, and other unprofessional clothing articles. Please note that medical students only are permitted to wear scrubs while shadowing. Failure to adhere to the dress code may result in loss of shadowing privileges.

Conduct: Please be respectful and polite to all individuals you come in contact with in the ED. Phone usage should be at a minimum and never used in a direct patient care setting. Please stay focused and present while shadowing and listen to any instructions given by your sponsoring faculty member. Please reach out to Hayden Evans (evanss1@ufl.edu) with any questions.
